countries

PRIME FOODS TRADE HOUSE, LLC

Prime Foods is a supplier company of best-in-class FMCG products: premium marbled beef PRIMEBEEF, with direct deliveries from the factory, and other premium products of its own production.

To maintain the high quality of the PRIMEBEEF, the producer controls every stage: genetics, own feeds production facilities, livestock breeding and meat processing plant.

It is based on a special approach to breeding, fattening and raising animals in ecologically friendly regions of Russia. Sweet flavor of meat is achieved due to the “golden” diet: 200-day corn fattening of steers. The plant has a separate production line for Halal products.

The Prime Foods portfolio also includes the ZARECHNOE brand - high-quality beef from grass-fed beef and dairy bulls

PRODUCTS

- Premium or alternative cuts
- Tenderloin, steaks
- Sausages
- Burger patties

ADVANTAGES

- High quality products
- Control over all stages of production
- Maximum attention is provided to each product
