

Care & Rehabilitation Expo China 2026

展会标志:

Introduction:

As one of the world's top three and China's leading expos on rehabilitation and assistive aids, the Care & Rehabilitation Expo China (CR EXPO), hosted by the China Disabled Persons' Federation, has been successfully held for 19 sessions. More than 400 domestic and foreign giants in the rehabilitation and assistive aids industry have gathered, presenting cutting-edge concepts, technologies, products, and services in the field. This facilitates international cooperation and exchanges along the industry chain, helps exhibitors explore overseas markets, and promotes the high-quality development of the global rehabilitation and assistive aids industry.

Why CR Expo is a must-attend expo ?

- ✓ China presents significant opportunities in the market due to its substantial elderly and disabled populations, increasing demand, and a well-established market for rehabilitation equipment.
- ✓ Organized by a reputable Chinese authority, accumulating a massive database of distributors in the rehabilitation and assistive devices industry.
- ✓ Year-round online and offline activities, providing a diverse array of precise matching services, including product launches, source matching sessions, and project inspections.
- ✓ The exhibition has established a dedicated professional technology zone, attracting over **10,000 cutting-edge products** for centralized display. Among them, **59 new products** were unveiled through official launch events, making the show a preferred platform for technology companies to debut innovative achievements such as **brain-computer interfaces** and **exoskeleton robots**.
- ✓ Over **35** events, including new product and technology evaluations, and international forums, will gather top experts and scholars from around the world to discuss cutting-edge topics and the latest technologies.
- ✓ Employing comprehensive media promotion, diversified marketing promotion approaches, and precision-targeted search engine advertising to achieve millions of exposures for effective publicity.
