Umbrella Projects

GREEN EAST is considered one of the most prominent designers and manufacturers of African thatch umbrella in Egypt. We excel in the quality of our manufacturing, whether by using wooden frames, iron, or various metals, depending on the location and space. Furthermore, we utilize thatch material that is resistant to weather conditions and erosion, and testifies to us the successful completion of hundreds of projects, including private villas, resorts, and private beaches in all coastal Egyptian cities, such as Hurghada, El Gouna, Sahl hasheesh, Sharm El Sheikh, North Coast, Alexandria, and major hotels in Cairo.

Pergola Projects

Since we know very well the importance of pergolas for individuals, we treat them as personal relaxation areas for both out areas and rooftops. Pergolas in gardens, as well as on beaches and in clubs, always give an impression of privacy and serve as outdoor living room. Therefore, pergolas always pay attention to specialized designs, whether they are made of wood or thatch.

We use the best types of wood in their designs, such as Finnish spruce(pine musk), Beach Pine, tech(Brazilian and African wood), so that they can suit exquisite tastes and withstand weather conditions.

Bamboo

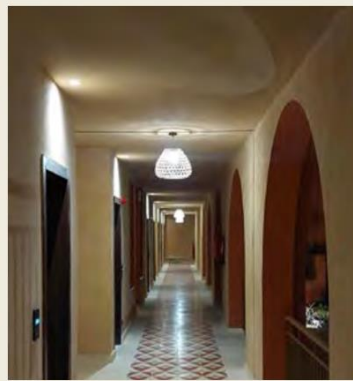

Accessories

Projects

Bamboo always brings a sense of adding a natural material to corners, entryways, indoor and outdoor seating areas. We have also taken care to include bamboo accessories such as lighting fixtures and ceiling fans. This wonderful selection gives a modern feel to the space.

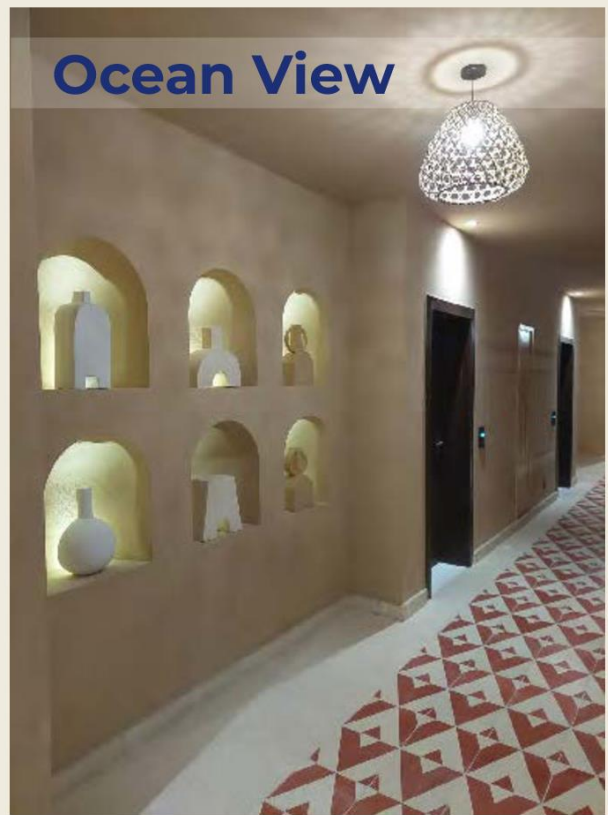

Pottery Projects

Believing that natural materials are original creations of God, their use always provides a sense of comfort to those present in a space. GREEN EAST have a vast selection of terracotta lighting fixtures, both for indoor and outdoor use, as well as luxurious Pottery accessories.
