Dear Sir,

We are happy to inform you that web portal registration has started on Bangladesh's first virtual platform. Initial registration will encompass one year and will be actively engaged in promotional activities throughout its duration, functioning as a full-time online fair. [2024 BDFairs.com](http://2024.BDFairs.com)

Exhibitors: Local and international Brands, Machine Suppliers, Utility Professionals, Material suppliers, Manufacturers & Exporters, Buying houses & SME entrepreneurs of Bangladesh.

**Platform:** [www.bdfairs.com](http://www.bdfairs.com),

**Web portal: Duration 365 days ++**

Targeted Visitors: Local & international buyers, suppliers, Technical Experts, new investors & local manufacturers/exporters.

Visiting Mode: No registration is required to visit the fair and signup is not mandatory to surf the web portal.

**Web portal registration fees: 60,000 BDT per profile (web profile page like Alibaba) for 365 days for machinery & material suppliers only.**

Early registration will top you on the web page's exhibitors list. (reply within one week to get a special discount on the registration fee)

The second year's annual subscription fee is only 10,000 BDT per profile, which keeps the online booth live and updated.

To learn more about the platform and see the previous fair's exhibitors page please visit the website: [www.bdfairs.com](http://www.bdfairs.com) and contact
