السادة رؤساء الغرف التجارية الأردنية المحترمين  
سعادة السيد ممثل قطاع الانشاءات ومواد البناء المحترم  
سعادة السيد ممثل قطاع الكهرباء والالكترونيات المحترم

الجهة الوارد منها الكتاب: وزارة الصناعة والتجارة والتموين  
موضوع الكتاب: تعزيز علاقات الجانب المصري مع الشركات الاردنية

السلام عليكم ورحمة الله وبركاته،،،

اهدي سعادتكم اطيب التحيات، وارجو أن ارفق لكم نسخة عن الكتاب الوارد من وزارة الصناعة والتجارة والتموين رقم 24372/4/1/19 تاريخ 2024/10/2 ومرفقاته المتضمنة الاعلام عن رغبة شركة Power Horizon المصرية والمتخصصة في قطاع الكهرباء والبتروول في التعاون مع الشركات الاردنية العاملة في نفس المجال كما هو موضح في المرفقات.

أرجو سعادتكم التكرم بالاطلاع والايغاز للتعميم على أعضائكم المعنيين من ذوي الاختصاص.

وتفضلوا بقبول فائق الاحترام والتقدير ،،،

خليل محمد الحاج توفيق  
رئيس مجلس الإدارة

سعادة رئيس غرفة صناعة الأردن

الموضوع: تعزيز علاقات الجانب المصري مع الشركات الأردنية

أرجو أن أرفق لسعادتكم نسخة من كتاب سفارة المملكة الأردنية الهاشمية في القاهرة رقم ع ث/1/812 تاريخ 2024/8/19 ومرفقه نسخة من البريد الإلكتروني الوارد للسفارة من شركة Power Horizon بتاريخ 2024/8/14 والمتضمن رغبة الشركة المشار إليها أعلاه بتعزيز علاقاتها بالشركات الأردنية المعنية. (مرفق كتيب تعريفني عن الشركة).

راجياً سعادتكم التكرم بالإيعاز لمن يلزم لإجراء ما ترونه مناسباً بهذا الخصوص.

وتفضلوا بقبول فائق الاحترام،،،

م. يعرب فلاح القضاة

وزير الصناعة والتجارة والتموين

**\*\*Dear Sir/ madam Jordan Embassy,\*\***

I am Marwa Ismail, CEO For POWER HORIZON Egyption Company based on EGYPT and I am writing to introduce our company's work in Iraq, Egypt, and Libya. We specialize in the electrical and petroleum sectors, providing comprehensive solutions and services that have significantly impacted these regions.

Given our expertise and success in these markets, we are keen to expand our operations into Jordan. To facilitate this and we just signed agreement for agency (DILO one of the biggest factory in electrical SF6 gas test tools in world). we seek your assistance in establishing contact with Jordan's electrical utility companies and major EPC (Engineering, Procurement, and Construction) companies in the electrical and petroleum industries.

Your support in connecting us with key stakeholders in these sectors would be invaluable. We believe that our proven track record and innovative solutions can bring substantial benefits to Jordan's infrastructure and energy projects.

Thank you for considering our request. We look forward to the possibility of collaborating with Jordan's leading companies and contributing to the country's development.as we planning to visit jordan soon to meet the heads of this leading companies

Best regards,  
Marwa Ismail

Hoping we can meet your requirement

Pls, do not hesitate to contact us for any additional information or question you may need

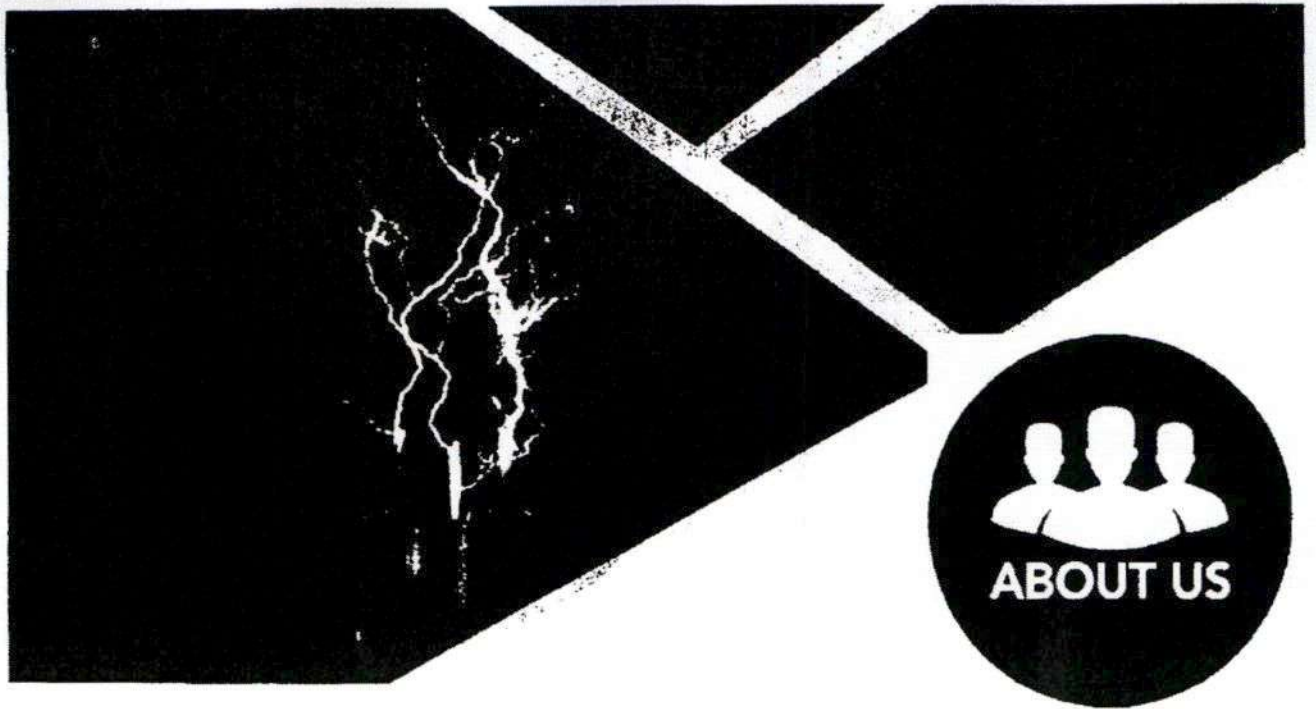

Thanks for your co-operation

Best regards,

**POWER HORIZON**

For Trading & Contracting

**Power Horizon** for Engineering & Trading  
established in 2012

☛ 10 years of collective technical and managerial experience mostly within multinational companies in Egypt Iraq and GCC regions.

☛ started as a provider for measuring and testing equipment.  
☛ Power Horizon is a PCIS total solution service provider.

☛ Now PH is a multinational company working through Europe and other countries in the MENA region.

☛ Our staff consist of 28 persons ; 8 in Admin & 20 Engineers and Technicians apart from part time project based staff

Power Horizon has a team that have a capability for over all power system Installation, testing, commissioning & startup

- ❖ Low , medium & high voltage networks
- ❖ Power generation
- ❖ Low, medium & high voltage Protection system
- ❖ Low, medium & high voltage control & management system

scope of work was:-

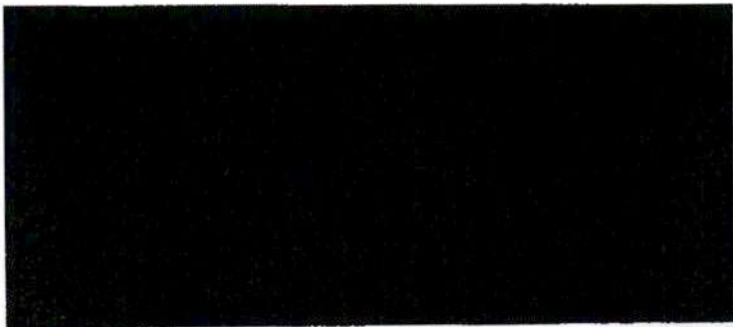

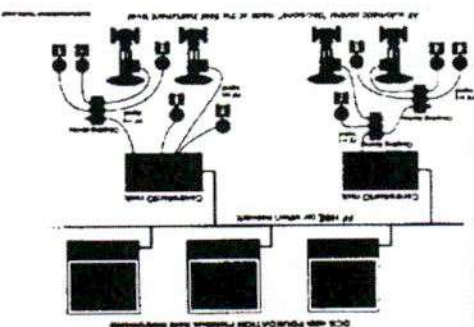

1. Testing and commissioning for 400 KV GIS
2. Testing and commissioning for 132 KV GIS
3. Testing for the power transformers 400/132/11 KV, 750 MVA
4. Testing for M.V Switchgear
5. Testing for the service transformers
6. Testing for the AC/DC system including the batteries
7. Testing for all the protection relays
8. Doing the HV test for the 400& 132 KV GIS and measuring the partial discharge
9. Complete the interlock test and the final commissioning for the substations
10. Doing the open and closed loop test for the substation automation system and connecting the substations with the national control centre

No.	Course
17	Energy Conservation & Demand Side Load Management
19	Electrical Substation Design, Testing and Commissioning Procedures
21	Advanced Metering Infrastructure (AMI) Smart Grid
23	Planning & Operating Electricity Grids with Renewable Generation
25	Circuit Breakers & Switchgears (LV/MV) Design, Testing, Commissioning, Maintenance, Repair & Troubleshooting
27	LV/MV/IV Circuit Breakers & Switchgears - Inspection, Maintenance, Design, Repair & Troubleshooting
28	HVDC Transmission and Control

Course	No.
Process operation	
Instrumentation and Control Fundamentals	2
Pressure, flow and temperature measurement	
Maintenance and troubleshooting	4
Flow meters and flow computers. Sizing, selection, operation, calibration	
Flow/Level custody transfer and tank gauging	6
Safety Relief Valve design, sizing, maintenance and troubleshooting	8
Instrumentation Workshop (Management) New!	10
PLC Fundamentals for process control (Programming and communication)	12
Distributed Control Systems DCS (Communication protocols and Alarm Management System)	13
Control System communication protocols and Foundation Field Bus	16
Fire and Gas protection system (Detection and alarm system)

**SF<sub>6</sub> Gas Handling Our product portfolio includes:**

- SF<sub>6</sub> Refilling and Evacuating Devices
- Service Carts
- SF<sub>6</sub> Gas Analyzers
- Leak Detection Equipment
- Valves and Couplings
- Mass Measurement Devices
- SF<sub>6</sub> Services
- Reconditioning and Disposal of SF<sub>6</sub>
- SF<sub>6</sub> Gas Supply

DILO Armaturen und Anlagen GmbH

## Industrial Gas Equipment

We design and build turn-key plants, perfectly made to fit your requirements.

Plant engineering for gas applications

Gas and vacuum tight piping systems, also with integrated pressure monitoring

Mixing and preparation units as well as equipment for handling, compressing, preparing and drying of gases

Systems for localizing and integral leak testing

Gas analysis devices for quality determination and room monitoring devices

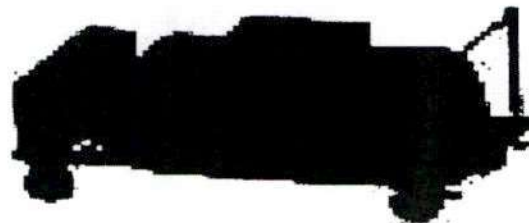

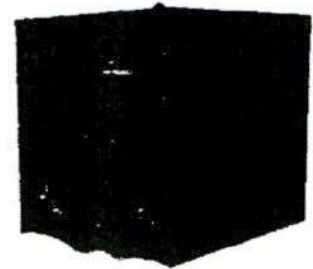

Stationary storage tanks for gaseous or liquid storage with TÜV, ASME or SQL approval and filter units

System solutions for vacuum technology, such as vacuum pump units

With our system solutions, handling processes can be individually designed and implemented safely and economically. Customer-specific operating software included.

DILO custom plants for industrial gas equipment allows:

- mixing
- measuring
- pumping
- recycling
- compressing
- preparing
- filtering
- separating
- filling
- storing
- handling

# CABLE AML

World Leader in Broadband Wireless Systems

**Industrial Broadband  
Wireless Systems**

**Wireless Internet**

**Digital Video Broadcast**

**Private LTE 4G/5G  
Ultra Portable**

**SCADA  
WIFI6, IoT, LoRa**

**Network Management  
Systems**

**System design,  
engineering, customer  
services**

World Leader in Broadband Wireless Systems

**Cable AML** is a world leader in **Broadband Wireless Systems**, it specialized in **designing** systems and **products tailored** to our clients' specific needs in the RF domain from 50 MHz to 100 GHz. We offer the following:

## 1. **LTE 4G/5G Systems for Industrial Private Networks:**

- Cable AML provides **comprehensive solutions for private networks**, including BSS (Base Station Subsystem), ePC (Evolved Packet Core), BBU (Baseband Unit), RFU (Radio Frequency Unit), and CPE (Customer Premises Equipment).

- Cable AML systems are designed to support **LTE 4G and 5G technologies**, enabling seamless connectivity and **high-speed** data transfer.

- Cable AML offer **ultra-portable solutions** that can connect to millions of client devices, ensuring reliable and **efficient wireless communication**.

# CABLE AML

World Leader in Broadband Wireless Systems

### 3. SCADA and IoT Systems:

- Cable AML designs **SCADA** systems that operate in the **VHF** to **UHF** bands, enabling **efficient monitoring** and **control** of industrial processes across large areas.

- Our **IoT** solutions cater to **diverse industries**, facilitating connectivity, data collection, and management of IoT devices for enhanced operational efficiency.

### 4. Point-to-Point Microwave:

- Our designs cover a wide frequency range, from **950 MHz** to **70 GHz**, for point-to-point microwave communication.

- Cable AML offers reliable and **high-capacity solutions** for long-distance data transmission, ensuring robust connectivity in various scenarios.

### 5. Broadcast Solutions:

- Cable AML provides **tailored solutions** for broadcast applications.

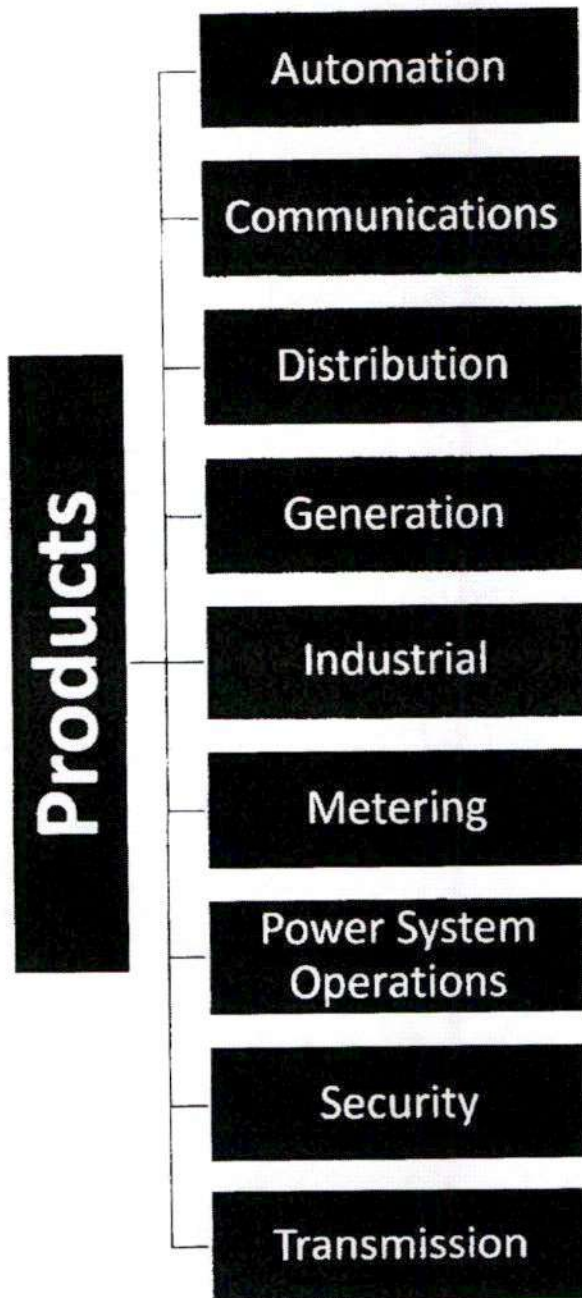

- Our expertise covers the design of systems and products that enable efficient content distribution, transmission, and reception.

- Cable AML works **closely with broadcasters** to deliver solutions that meet their **specific needs**, ensuring **high-quality** and reliable broadcast services.
