# DISCOVER THE POTENTIAL OF IRAQ

In Iraq, the increase in oil supply and revenue the contracting sector has entered a period of rapid growth. Construction work and building materials market is developing day by day. The main infrastructure in Iraq investments, water supply projects, waste water treatment plants, electricity power plants, hospitals, schools and housing construction, roads, airways, bridges and ports construction areas.

Because of the increase in the number of reconstruction, repair and construction projects and the required investment amount in this area is around 100 billion USD.

# SHAPING THE FUTURE OF IRAQ'S CONSTRUCTION INDUSTRY

The 9th Iraq Build Baghdad Expo 2025 is the premier event for the construction, building materials, and architecture sectors in Iraq. Scheduled to take place from 08-11 September 2025 at the Baghdad International Fairgrounds, this landmark exhibition brings together industry leaders, professionals, and innovators from around the world to showcase the latest technologies, trends, and solutions driving Iraq's construction and infrastructure growth.

As Iraq continues its path of reconstruction and urban development, the Iraq Build Expo is the perfect platform for networking, forging new business partnerships, and exploring opportunities in one of the Middle East's most exciting and rapidly developing markets. Whether you're an architect, contractor, developer, or supplier, this event offers unparalleled opportunities to connect and contribute to the future of Iraq's evolving construction landscape.

**The 9th Edition of Iraq Build Expo Baghdad 2025 will be a key event for Iraq's construction sector with 16 exhibitors countries, 450 exhibitors, and 14.600 visitors. Here's what to expect:**

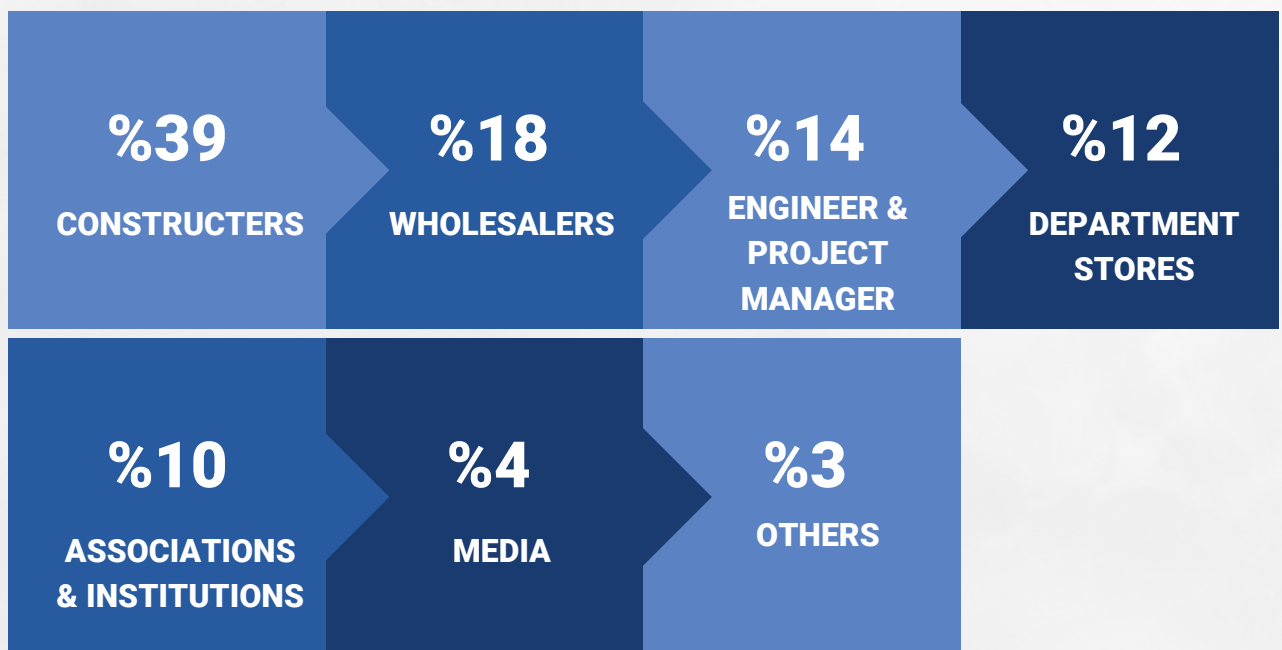

- **International Collaboration:** Networking opportunities with global firms bringing expertise in construction, engineering, and technology to Iraq.
- **Innovative Technologies:** Showcase of sustainable materials, smart building solutions, and green construction practices that can be applied in Iraq.
- **Business Growth:** New opportunities for local firms through partnerships, investment, and access to international suppliers and contractors.
- **Urban Development Focus:** Emphasis on smart cities, transportation infrastructure, and urban planning to address Iraq's growing needs.
- **Networking & Partnerships:** A platform for connecting with decision-makers, government officials, and industry leaders to drive future projects.
- **More than 500 B2B meetings** will be held with the leading governmental and private companies, and the biggest local and international professional in the sector.

# WHY EXHIBIT?

- The building and construction sector is one of the most essential sectors, holding the key to a prosperous future for Iraq. It has an enormous effect on the country's economy.
- The Iraqi construction sector is divided into public which includes government- funded projects (such as roads, bridges, public buildings, and housing projects) and private (including privately funded projects such as dwellings, commercial and residential buildings) sectors.
- Iraq took 6th place when comparing the gross value added of the sector for 2019 to neighbouring and Arab countries. The 2021 Iraqi state budget allocated a total of 1.786 trillion IQD to the Ministry of Construction, Housing, Municipalities, and Public Works, in addition to 263 million USD in borrowed funds.
- Residential construction represented the largest sector in Iraq's construction market in 2020, followed by energy & utilities, infrastructure, commercial, industrial, and institutional.
- The construction industry is expected to register an annual average growth rate of more than 6% during 2022-2025, supported by investments in transport, oil, electricity, education, and housing infrastructure projects.
- The funds from World Bank(100 million USD), UKEF-British Export Finance Agency (30 million USD), Islamic Development Bank(28 million USD), JICA- Japanese Agency for International Cooperation (75 million USD), KFW-German Development Bank (20 million USD), French Government and French Development Agency (10 million USD) contribute the growth of Iraq construction market and expand the building industry.

# EXHIBITOR PROFILE

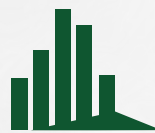

## MAIN SECTORS

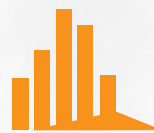

### BUILDING MATERIALS

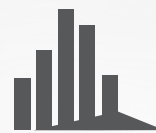

### HVAC-R

### URBAN DESIGN & LANDSCAPE

### ENERGY & ELECTRICITY

### HEAVY MACHINERY

- Hardwares
- Excavation
- Loading
- Electricity, Lighting
- Grading and Tunnelling Machinery Eqp.
- Maintenance Machinery and Eqp.
- Road and Soil Packing Equipment
- Pressurized Air and Hydraulic Tools
- Compressors
- Under Soil Water Level Reduction Eqp.
- Construction Pumps
- Cement and Mortar Preparation
- Transportation Machinery and Installations
- Production Plants and Equipment
- Cement, Lime, Plaster Based
- Construction Vehicles

- Control, Measurement and Leveling Eqp.
- Work Safety Equipment
- Marble, Granite, Travertine, Mosaic
- Concrete or Asphalt Road & Canal Construction Machines
- Drilling, Pile Driving, Cutting & Extraction Equipment
- Window & Door
- Solar Products & Services
- Packing
- Pipes & Fittings
- Construction Consultant Services
- Cement, Lime, Plaster Based
- Metal, Steel & Aluminium
- Building Interiors and Finishes

**Sustainable Baghdad Forests**

**Al Anbar Power Station**

**Grand Faw Port - Basrah**

**Iraq Mall Project**

**Iraq's Development Road**

**Alrasheed Street Tram Baghdad**

**Al Jadriyah Bridge Baghdad**

**Ramadi New City Project**

# ONGOING PROJECTS

**Strategic National Focus:** Government Investment: Over the next two years, Iraq will invest more than \$250 billion in development and infrastructure projects, with a sizable amount going to Baghdad.

**Sector Emphasis:** To modernize the capital and the surrounding areas, major areas of concentration are housing, transportation, energy, and urban development.

## Large-scale ongoing initiatives in Baghdad

### The Central Bank of Iraq Tower

**Location:** Baghdad's Al-Jadiriya

**Height:** 37 storeys, or 172 meters

**Finish date:** 2025

**Price:** \$772 million USD

Zaha Hadid was the architect.

**Goal:** The Iraqi Central Bank's new headquarters

**Significance:** When finished, it will be the highest structure in Baghdad.

## The Metro Project in Baghdad

**Scope:** Seven lines totaling around 148 km in length; 64 planned stations

An estimated 3.25 million passengers per day are expected to ride.

**Finish date:** 2029

Invested \$17.5 billion USD

**Consortium:** Deutsche Bank, French, Spanish, and Turkish businesses.

## Baghdad's Downtown Development

**Scope:** Mixed-use structures, such as the highest building in Iraq

\$2 billion USD was invested.

**Significance:** Seek to bring the central business center back to life.

### Housing & Urban Development:

**Sadr City Expansion:** Ongoing construction of 190,000 residential units in Sadr City, with ambitions for a total of 240,000 homes.

**New Sadr City Project:** Development of 10,000 housing units to meet the increasing needs of the population.

**Al-Rafeel City:** A development spanning 265 km<sup>2</sup>, intended to accommodate 75,000 residents.

### Infrastructure & Transportation:

**Road Development:** 70 initiatives focused on road improvement and paving, covering an area of more than 8 million square meters.

**Bridges & Tunnels:** 35 projects, including bridges, tunnels, and overpasses, aimed at enhancing connectivity.

**Public Transportation:** Measures being taken to upgrade public transportation systems, including the Baghdad Metro.

**Construction Equipment Market:** Anticipated growth at a CAGR of 7.4% from 2024 through 2030.

**Real Estate Market:** Forecasted to reach US\$1.11 trillion by 2025, with a significant focus on residential real estate.

**Housing Demand:** Plans to build between 250,000 and 300,000 housing units for families in low-to middle-income brackets.

The fast-changing and dynamic construction environment in Baghdad and Iraq offers considerable prospects for investors, developers, and construction experts. With major government funding and an emphasis on modernization, the area is set for significant growth in the years ahead.

### Al-Rashid New City

**Location:** Outskirts of Baghdad

**Capacity:** Over 1 million residents

**Investment:** US\$10 billion

**Features:** Modern infrastructure, residential, and commercial areas .

### Energy & Utilities:

**Electricity Projects:** Initiatives to create an additional 10,000 MW of power generation capacity.

**Renewable Energy:** A commitment of US\$680 million for investments in solar energy initiatives.

**Water & Sanitation:** Launch of 26 sanitation projects and 33 initiatives aimed at supplying clean drinking water.
